SECONDARY EDUCATION METHODS COURSES

These courses focus on the objectives, curricula, special methods, materials, and evaluation appropriate for teaching the various subject matter areas in the middle and secondary school. Students are expected to complete a methods course in their licensure areas. The requisites for each course are a major or minor in the discipline and admission to the secondary education program. The methods course is taken concurrently with the secondary education block courses and must be successfully completed before student teaching in a specific field.
